Strengthening Sephardic Jewish Traditions & Values Worldwide **MAKE YOUR VOICE HEARD**

Vote for Unity. Vote for Community. Vote for Tradition

Shas Olami the World Sephardic Zionist Organization was established in 2010 at the request of Maran HaRav Ovadia Yosef zt"l.

Its mission is to serve as a platform within the Zionist Movement around the world, to provide tools and means for traditional Sephardic communities to speak out and influence the direction of Jewish education and way of life within Jewish communities throughout the world.

Shas Olami wishes to become a significant power in the World Zionist Organization and the 38th World Zionist Congress. This will enable it to provide your communities with programs in support of traditional Jewish Education and Identity, and with initiatives to strengthen your communities, and to enhance your support and bonding with the State of Israel.

We as traditional Sephardim have a task to perpetuate our Jewish heritage through the teaching of authentic Torah values in Israel and throughout the Jewish world. Having preserved our own Jewish identity during centuries of exile and dispersal, we understand the need to transmit strong and consistent Torah messages to reinforce Jewish identity among young people in every Jewish community.

The time has come to take responsibility !

Shas Olami is comprised of members and delegates from all segments of the Jewish People who represent and share our various and the uniqueness of our communities across the United States. Shas Olami is supported by our Sages, Rabbis and leaders. We have an opportunity to share the beauty of our Sephardic heritage with our Jewish brethren and to make our voice heard.

Shas Olami is a movement of our people for our people and it offers a chance to be represented by members of our own communities. The success of Shas Olami depends strongly on each one of us, family and friends – the voters.

**It is time for us to take our place
in the international Jewish Parliament!**
